

I hope for you ... comfort on difficult days,
smiles when sadness intrudes

rainbows to follow the clouds

laughter to kiss your lips ; sunsets to warm your heart

gentle hugs when spirits lag ; friendships to brighten life

beauty for eyes to see, confidence for you when in doubt, faith
so that you can believe, courage to know yourself, patience

to accept the truth & love to complete your life.

May the Lord bless you, guide & protect you as you go along yr
way ... His love is always with you. His promises are true
no matter what the tribulation.
